

Impact Windows

Wind Load Impact Rated Windows

Beyond Dressing Up the Garage Door

Raynor's impact wind load rated windows are made from a tough lightweight polycarbonate material that is durable, UV and scratch resistant, and housed in a colonial sized extruded aluminum frame. Impact windows are available for BuildMark®, TradeMark™, ShowCase™ and Masterpiece™ residential doors in white, almond and claytone exterior frames.

Wind Load Approved

Florida Product Approved FL#14529 for wind load and impact ratings

Pressure

Can achieve up to +29.7/-33.1 psf (size and model dependent)

Models

Raynor's Impact Rated windows are available for all BuildMark, TradeMark, ShowCase and Masterpiece doors.

Material

Our tough polycarbonate windows are not only lightweight, but UV and scratch resistant, and are designed to take multiple impacts without yielding to nature's forces or objects being flung through the air with ratings up to +29.7/-33.1 psf.

Doors

Residential doors will utilize Raynor's patented box struts on non-glazed sections and standard u-bars on the glazed sections.

Sizes

Available in colonial size for BuildMark, TradeMark, ShowCase and Masterpiece residential doors.

BuildMark and TradeMark

up to 18' wide and 14' high

ShowCase and Masterpiece

up to 16' wide and 14' high*

**Up to 18' wide pending approval date of June 1, 2014*

Frames

Raynor's High Impact Rated window frames are constructed from heavy gauge extruded aluminum and incorporate a "continuous" bead seal around the entire frame for a maximum seal to lock out air and water. The interior and exterior frames are then screwed together and locked in place.

Colors

Choose from 3 exterior frame colors. All interior frames are white.

Styles

All frames are designed to accept any of our colonial style window inserts for that final designer touch.

Stockton Colonial

Cascade Colonial

Sunburst Colonial

Sherwood Colonial

Cathedral Colonial

Note: Windows are shown in one-car configurations.
